"If I gave you my love
Tell you what I do."

[Verse 1 - Asher Roth]

You know this shit, I grow this shit
My modus operandi is devoted to the rhyming
Take the time out to remind them
Watch your heiny right behind you
Lions hide and strike in silence
I'm giant, intertwined with Iron Mike and Kobe Bryant
Cause I am reaching new heights now that I'm defying
science
I provide entire slices, all depends how big my pie is,
but
I forgot the apricot
Gosh, I'm such a Roger klutz
Knocking sake back with Noblock at the opera
Na unh ma ma Babar memoir
I recall it all my dar armed in Upper Darby
Call it karma, when my alarm went off it startled ya
Finish what we started bruh
Departed down the closest road, slowly heading north,
let's go.

[Verse 2 - Asher Roth]

A forest of scorched Earth
Morphed into Steven Dorf
A touristy poor world
Not sure what it's even worth
Even worse, my torso's torn, between the two doors
Endorsing the core source, which do I want more?
Is it reality or fantasy? Xanax in my pantry
I supplant the frantic manic depression, utter insanity
Fans and upper management can't understand my
planets yet
My plans to be a man, I can stand up
So I banished quick. My stance on this is scandalous
Fans think this is damaging. Don't let em mix your
standards up
Plant your hands and handle it
This game, I put my stamp on it
Handprints in the sand, I'm like a man

I'mma scam and dismantle the can that they crammed
me in
