chorus;

i'm untouchable, sittin' in the range, so comfortable.
nothin' on my on my feet, got some weed that i'm
puffin' on.
ain't nothin' wrong, i'm just hangin' with this honey jon,
hoping that i get the nod, bring it on, slutty broad.
(2x)

throw on the cd, don't believe what be coming on.
nothing but the beat skate p, let me run up on.
tbeat he drummin' got me coming up wit something
raw.
beat me up and cuff me to the gutter if i'm frontin' dog.
but if you're smart, put your money on the underdog.
over under cup, a hundred, nothing ever done before.
yeah, i'm a senator, sent to put an end to y'all,
with my incentive, being steady in my repertoire.

pepper the record with, that has never been said
before.
every deep breathe is impressive, get the impression
broad.
i learned that all the hard work pays off.

i intend to be a legend when this ends, up in the record
stores.
yeah, yeah, when the ending calls.
if it ends at all.
shit, it could end tomorrow.
and i bet heaven doesn't let me in, they read it wrong.

asher paul, asher roth, don't forget it homes.
take it home, write it down, baby keep it close.
there's a quiz after this, hope you taken notes.
paying close attention to the metronome.

setting up a pension when i mention i'm professional.
i'm 'bout to get it on,
getting all my weapons drawn.
letting out a sentence that could empty out the
pentagon.

i been intending on amending the 2nd law.
but we getting money man, we need to bare our arms.
ha, ha, ha, damn, i'm charming.
don't be alarmed, i've been involved.
it's normal for me.
your homies know me.
the flow is so, geez, oh man, i seen the impossible.

don't ignore me.
call an army.
by sea, by land, you'll need a whole arsenal.
bossing, i'm launching this fall, up as an artist, work
the hardest 'till my heart isn't all in it, flawless.

aight, awesome bra, good talk.
it's the music i use to induce thought.
so let me do what i do with my crew y'all.
a crew that doesn't include you, mr. me 2.
