Chorus

this life is all that matters  
my time is all i have and  
i came here to prove that,  
theres nothing that you cant do.

im so annoyed with this world that we live in,  
its hard enough just for us to make a liv-ing.  
its the same thing over and over  
but were only getting older and older  
so were told 'get a job that safe,  
cause dreams are too fake for us to chase'  
this is my life if thats the case  
cant i decide to design my fate?  
if i wanna get high and wasted  
then i will and no one can say shit.  
i just hate that were caught in this matrix  
the money we make, the government takes it.  
then paves highways with no exits  
just more ways to get caught in traffic  
so i ask em, please do tell  
what would you do if you could not fail?

(Chorus)

yeah for real put the job on the shelf  
take a deep breath spend time with yourself  
say hi, introduce you to you

if you couldn't lose then what would you do?  
whoopedoo if you don't have a clue  
none of us do when we first leave school.  
you're a fool if you think that you're straight  
cause you put on a suit and a tie everyday  
and show up to a job that you hate  
the only reason you're there is cause you're gettin paid  
you waste your time, half awake for an employee  
discount and hourly wage  
locked in a cage like a mouse with a wheel  
patiently wait for an occasional meal  
but without all the bills and the mail,  
what would you do if you could not fail?

(Chorus)

this is your life, take it back  
your time here is all that you have  
and its sad that some are wasting their health  
working a job for somebody else  
but someday i wanna be a dad  
with a son to play catch with and teach how to bat  
so with that i decided to rap,  
and since then it ain't been that bad (cause)

(Chorus) x3
