[Hook: eddie murphy sample]

My girl wants to

Party all the time, party all the time, party all the time  
(x2)

[Verse 1: asher roth]

My girl, she drinks and smokes

Then she goes to fashion shows

Forth and back, back and forth

Takes the (uh) just like a pro

Try to keep on up with her but really why bother

Girl's a super hottie plus she parties way harder

Still looking great with no make-up on

Keep going strong 'til the break of dawn

Eighth to the face, take it straight no chase

When she stray from the pace ain't a damn thing wrong

Mother, sister, brother they insist on drinking water

But she's sipping on some liquor, janice dickinson had  
taught her well

Hammered, you can hardly tell

Stammered, but she hides it well

Hands up in the air and yells "party all the time"

She dance around me in her thong

Sing along, favorite song

Rip a shot, hit the bong

Going all night long

[Hook x4]

[Verse 2: asher roth]

Sorry little barbie who can hardly take a sip

Yeah, my chick be drinking whiskey just to chase it with  
a kiss

Then she'll charge it to her card, whole bar, plus tip

Yeah for her and all her friends cause she never pays  
for shit

Kind of chick that you see on the t.v. (yeah)

Real high heels and her cleavage (yeah)

Rolling up some homegrown asking "can we smoke  
some weed in here?"

Isn't like she needed it but got diamonds and pearls

And definitely ain't a lesbian but kisses other girls

Drives a car that isn't hers, keeps the keys up in her  
purse  
Lipstick, red or pink, tell me which do you prefer?  
Mini-skirts exotic furs wanna make the kitten purr  
Try to go and buy a drink but split before you finish  
yours cause she

[Hook]

[Verse 3: meek mill]

Parties all the time, shorty she a dime  
Ass like nicki, barbie in her prime  
Stripping on that pole, shorty on her grind  
I meet her in the bathroom, dog her from behind  
It's the red cup sipping, ciroc boy mixing  
Bottles of that peach got that pussy all dripping  
Line goes down the street, room full of bad bitches  
Everybody super wasteful and them hoes is mad  
twisted  
Asher roth passed her off I had to ball, that ass was  
soft  
I dribbled all on it like basketball  
She nibbled all on it, I smashed I'm gone  
It last through the morning and on through the night  
11am I was off to a flight  
Land in your city it's all of the lights  
I got them hoes rolling like all of the dice

[Hook x4]
