Man I don't get what all the hype's about  
We used to only wanna know who was the nicest out  
And you were dope if you can flow and didn't write it  
down  
But now the blow up it's like whoa, that doesn't count  
Come on now, it's all about power and money  
Yeah, the money and bitches  
But bitches ain't shit, they just sexes with titties  
I mean really, I be wishing that it wasn't so true  
Cause I've been in it for a minute  
Feeling long overdue  
Eating tarel and soup, got a tarrel maseuze  
And a parrel so rare, never wearin them 2  
Man I can berly move in these enbarassing shoes  
And when I'm staying at the charem and I'm charin  
them room  
Like damn, this isn't fair yo, this shit got me fooled  
Thought I'd live up on a mountain with a fabolous view  
Sip the fountain of youth, be surrounded by boobs  
Smoke the finest of the chronic, eat the finest of the  
foods  
They stab me like I'm judas in the back with a tool  
Cause this is nothing like the movies of the television  
tube  
It's hard work, this art first,  
And archer, get sharp first and then stars departure  
Our heart hurts when bars start to falter  
And hard work it's farmless, the marker  
We all do it, we can be lazy and stupid  
Like we gotta keep it cool  
Ain't nothing trying nothing new  
But I'll say, screw it, it's only people and music  
We just do what feels good and  
Giving everything to it  
Cause I'm fresh as the father sparrow  
Finer than farah fawcet  
The line of walk is kinda dark but I'm not scared of  
darkness  
Nah, nah, nah, I ain't scared of darkness  
The line of walk is kinda dark but I'm not scared of  
darkness

fresh as the father sparrow  
Finer than farah fawcet  
The line of walk is kinda dark but I'm not scared of  
darkness  
Nah, nah, nah, I ain't scared of darkness  
Nah, nah, nah, I ain't scared of darkness  
Darkness, darkness.
