Run it back, run it back, motherfuck..., run it back
Go and tell the whole world that the underground
attack
Nodes this is an arm rap this is more like I'm rapping
I should be ... stolen Alices effect
Last one that leave and the first one to be here
Rolling on the joint, I'll be sipping on a ... year
I hear it goes, I've been floating in the clouds and got
lost up in the moment
Ocean, yeah I know you got mister lotions
I ain't going nowhere so quick
Got new pairs that be catching up on ocean
Throwing couple of balls then I'm going for a low kick
... it, all my tippy toes, I ain't closed yet, soaked
All my hippy flow let it soak it, ... it
Lord of the rings I am the walk it, ...
Yeah you're my volcano smoking, hold in
And down on the seas, no joking,
Going down on me, ocean
Keep it PG for the most but, when I'm on top everybody
blows like
U hu, turn the motherfucker X 2

Coming back, coming back motherfuck... , coming back

Ain't nobody ever told me that I didn't burn no track
White or black, does it matter, all that matter can he
rap
Can he last, can he past
Every itsy bitsy test
Every city that he be in ... with the best
Little kitties try to get him but they catch it in the chest
Punch lines to the neck, crunch time I'm impressed
I am better, I am better, just in case you couldn't guess
Yes ... I am merchant of the birds
... of the music be emerging from the burbs
Man I got some nerves I will never go and ...
I encourage you to ... but you following the herd
Server of the murder, murder server is my work
Put me in the middle and the watch them ...
Circle is the circus and is certainly my term
But by the time I'm finished you can tell that I am ...

Cause ...
U hu, turn the motherfucker X 2
