[Verse 1]

Hey baby, it's all gravy, we all crazy  
It's not you, it's me? That's what they all say  
But could you leave me alone? This be my off day  
Please don't tweet, don't text, don't call me  
I need space and some room to breathe  
Kick my shoes off, chill, and just shoot the breeze  
Little margarita or a daiquiri  
And I can't enjoy that if you hassle me  
And last night it was really a blast  
That flat little tummy and magnificent ass  
You a bad little mami with some style and sass  
But you blowin' up my phone makes me sick of you fast  
All emotion aside, you need to hide that  
Please girl, don't be a venus flytrap  
If you see me on the streets, give a, "Hi Ash"  
Then keep it movin' and then maybe I'd be right back

[Hook x2]

Lemme get some space  
Yesterday was great  
Girl get out of my way  
I ain't fuckin' with you

[Verse 2]

We just young and we havin' some fun  
Just because I let you hump doesn't make you the one  
I'mma take a vaca and no you can't come  
Spend a few days alone on a island of sun  
Let me chill for a bit and get my head straight  
Get out the way or just catch a little head fake  
Spin move, stiff arm like an ESPY  
I'm not playin' little lady, don't test me  
Come on girl, you know clingin' ain't cool  
You be all up in my face, you be breakin' the rules  
I mean how much can I take when you actin' a fool?  
See I don't want to hate, there's no need to be rude, but  
Yeah, this my space, you should respect that  
And always know patience makes sex last  
Don't be afraid, you could say, "You the best, Ash"  
Then keep it movin' and then maybe I'd be right back

[Hook x4]  
Lemme get some space  
Yesterday was great  
Girl get out of my way  
I ain't fuckin' with you
