As our World burns to ashes  
Destroyed by human vices

She will rise above  
Like a burning star

She will rise above  
To end this war

And now we must comprehend  
She is introducing the end

There's no way out  
As the fire burns  
There is no final doubt

Angel of devastation  
Set the world ablaze  
It is earth's salvation  
Now we'll fade away

Fade to grey

Through the realms of chaos  
She will teach us  
To suffer a loss

She will rise above  
Like a burning star

She will rise above  
To end this war

And now we must comprehend  
She is "finally" introducing the end

There is no way out  
As the fire burns  
There is no final doubt

Angel of devastation  
You set the world ablaze

It is earth's salvation  
Now we'll fade away

Can you hear me  
Can you hear me scream

At the end of the night  
The sun shines so bright

The Earth reveals  
As a battlefield  
And the Angel smiles  
As she returns to the sky

But millions had to die  
For our sins

Angel of devastation  
You set the world ablaze  
It is earth's salvation  
Now we'll fade away

Fade to grey
