I saw the time on the clock
And the look on your face
And the look in your eyes
When you ran away
Didn't know what to do
Didn't know what to say
But I knew what I wanted
Wanted you to stay
And I don't know what to do -oo-oo
Don't know what to do
When I'm without you -oo-oo
When I'm without you

On a late friday night
About eleven thirty
You call me saying please
And asking really dirty
I don't know what to say
Where to go
What to do
But I wanna spend the night with you

On a late friday night
About eleven thirty
You call me saying please
And asking really dirty
I don't know what to say
Where to go
What to do
But I wanna spend the night with you
With you

Saw the trick in your hands
And the smoke in the air
By the look in your face
You didn't really care

Now I don't know what to do -oo-oo
I don't know what to do
When I'm without you -oo-oo
When I'm without you

On a late friday night
About eleven thirty
You call me saying please

And asking really dirty
I don't know what to say
Where to go
What to do
But I wanna spend the night with you
With you

And I
Just want tonight
To last forever
I just want tonight to last for -e -ver
Forever and ever

On a late friday night
About eleven thirty
You call me saying please
And asking really dirty
I don't know what to say
Where to go
What to do
But I wanna spend the night with you
With you

Hey hey hey
Put your body next to mine
And I
Hey hey hey
Lets do it one more time
Hey hey hey
Put your body next to mine
And I
Hey hey hey
Lets do it one more time

Lets make tonight
Lets make tonight
Lets make tonight
Last forever
Forever and ever
(Do it one more time)

On a late friday night
About eleven thirty
You call me saying please
And asking really dirty
I don't know what to say
Where to go

What to do
But I wanna spend the night with you
With you
