Calling all cars!  
Calling all cars!  
There's a 211 in progress suspects are armed and  
dangerous  
Please proceed with caution  
1, 2, 3, Go!  
Hey! Hands up!  
Put 'em high in the the air lock the doors  
Cuz you ain't going no where. Whoa!  
Hey! We're the bad guys you love to hate  
and we're here to rob the place, come on. Whoa!  
Grabbed the loot jumped in the car  
The cops took chase but we got far  
They wont catch us but if they catch us  
We'll make them famous, make them famous. Come  
on!  
You'll never catch us on the run  
We're coming out with the big guns  
You'll never catch us, lock, stock, and barrel  
Hey! Hands up!  
Going 90 down the road, lock and load  
Let the bodies hit the floor. Whoa!  
Grabbed the loot jumped in the car  
The cops took chase but we got far  
They wont catch us but if they catch us  
We'll make them famous, make them famous. Come  
on!  
You'll never catch us on the run  
We're coming out wit the big guns  
You'll never catch us, lock, stock, and barrel  
Can't catch us and they wont stop us  
Do you (Step out of your vehicle)  
Know how (This is your last warning)  
Far we (Drop your weapons)  
Are willing to go for this
