You think you know me

Word on the street is that you do

You want my history

What others tell you won't be true

I walked a thousand miles while everyone was asleep

Nobody's really seen my million subtleties

Got stains on my t-shirt and I'm the biggest flirt

Right now I'm solo, but that will be changing eventually,
oh

Got bruises on my heart and sometimes I get dark

If you want my auto, want my autobiography

Baby, just ask me

I hear you talking

Well, it's my turn now

I'm talking back

Look in my eyes

So you can see just where I'm at

I walked a thousand miles to find one river of peace

I walked a million more to find what this shit means

Got stains on my t-shirt and I'm the biggest flirt

Right now I'm solo, but that will be changing eventually,
oh

Got bruises on my heart and sometimes I get dark

If you want my auto, want my autobiography

Baby, just ask me

I'm a bad ass girl in this messed up world

I'm a sexy girl in this crazy world

I'm a simple girl in a complex world

A nasty girl, you wanna get with me?

You wanna mess with me?

Got stains on my t-shirt and I'm the biggest flirt

Right now I'm solo, but that will be changing eventually,
oh

I laugh more than I cry

You piss me off, good-bye

Got bruises on my heart and sometimes I get dark

If you want my auto, want my autobiography

Baby, just ask me
