You think you know me  
Word on the street is that you do  
You want my history  
What others tell you won't be true  
I walked a thousand miles while everyone was asleep  
Nobody's really seen my million subtleties

Got stains on my t-shirt and I'm the biggest flirt  
Right now I'm solo, but that will be changing eventually,  
oh  
Got bruises on my heart and sometimes I get dark  
If you want my auto, want my autobiography  
Baby, just ask me

I hear you talking  
Well, it's my turn now  
I'm talking back  
Look in my eyes  
So you can see just where I'm at

I walked a thousand miles to find one river of peace  
I walked a million more to find what this shit means

Got stains on my t-shirt and I'm the biggest flirt  
Right now I'm solo, but that will be changing eventually,  
oh  
Got bruises on my heart and sometimes I get dark  
If you want my auto, want my autobiography  
Baby, just ask me

I'm the baddest girl in this messed up world  
I'm a sexy girl in this crazy world  
I'm a simple girl in a complex world  
A nasty girl, you wanna get with me?  
You wanna mess with me?

Got stains on my t-shirt and I'm the biggest flirt  
Right now I'm solo, but that will be changing eventually,  
oh  
I laugh more than I cry  
You piss me off, good-bye[goodbye]  
Got bruises on my heart and sometimes I get dark

If you want my auto, want my autobiography  
Baby, just ask me
