I'm gonna bang bang, love you up  
Twist you out inside of my head  
I'm gonna bang bang, love you up  
Twist you out inside of my head

I'm out of my mind running towards danger  
The lights on the street are blinding my way  
I can feel you, watching over  
I know you want it now, want it now, want it now  
I know you want it now, want it now, want it now

I'm gonna bang bang, love you up  
Twist you out inside of my head  
I'm gonna bang bang, love you up  
Twist you out inside of my head

The dark in the sky, the wind in my air  
A bat for a heart sucking up me  
Can you feel me, watching over  
I know you want it now, want it now, want it now  
I know you want it now, want it now, want it now

I'm gonna bang bang, love you up  
Twist you out inside of my head  
I'm gonna bang bang, love you up  
Twist you out inside of my head

I'm gonna bang bang, love you up  
Twist you out inside of my head  
I'm gonna bang bang, love you up  
Twist you out inside of my head

[Instrumental]

My hands are stained from my dirty black hair  
My heart is cursed cause you were never there  
Another crime that you left behind  
Im just a name that fear of the time

I'm gonna bang bang, love you up  
Twist you out inside of my head  
I'm gonna bang bang, love you up

Twist you out inside of my head

I'm gonna bang bang, love you up

Twist you out inside of my head

I'm gonna bang bang, love you up

Twist you out inside of my head
