(introduction)

Hey

I hate spying on u so won't u tell me the truth where u go because you are part my life and I don't know why u lie to me ever since when we 1st dated each other so why u doing this to so tell me everything that u tell a big fat lie so u better say it out about 6 minutes before I leave u behind your back

Chorus: Get away stay away from me because u broke my heart

Get away stay away because I don't want to see u anymore how u treated me

Get away stay away run away fly away or whatever u can do

Get Away Stay away from me

Boy, u better leave me alone before someone mess u up and its not my fault that u always tell lies to me and its not my fault that u about fight against someone strong and u shouldn't lie to me at all because I been running from this crazy dude that was u So u better get away stay from me

(Repeat Chorus 2times)
