Its been, Three days
You come around here like you know me
Your stuff at my place,
Next thing you know you'll be using my toothpaste

Step up, Sit down
Get ready let me tell you whose the boss now
Stay here, Get out
Everytime I turn around you're in my face

Don't care where you think youve been
And how your getting over.
If you think you got me now just wait it gets much
colder

Here I am,
As perfect as I'm ever gonna be
You'll see
Love me for me
Stick around,
I'm not the kind of girl you wanna leave,
You'll see,
Love me for me

Shut up, Come back
No, I didn't really mean to say that.
I'm mixed up, so what
Ya you want me so your messed up too

Well I love you, I hate you
If you only knew what I've been through

My head is spinnin but
My heart is in the right place
Sometimes it has to have itself a little earthquake

Here I am,
As perfect as I'm ever gonna be
You'll see
Love me for me
Stick around,
I'm not the kind of girl you wanna leave,

You'll see,
Love me for me

I've been waiting all my life to finally find you,
Just so I can push you away.
And when you're crawling over broken glass to get to
me
That's when I'll let you stay

Uh, Here I am,
As perfect as I'm ever gonna be
You'll see
Love me for me
Stick around,
I'm not the kind of girl you wanna leave
You'll see,
Love me for me

Whoa...

Here I am,
As perfect as I'm ever gonna be
You'll see
Love me for me
Stick around,
I'm not the kind of girl you wanna leave,
You'll see,
Love me for me
