Its been, three days

You come around here like you know me

Your stuff at my place,

Next thing you know you'll be using my toothpaste

Step off, sit down

Get ready, let me tell you whose the boss now

Stay here, get out

Everytime I turn around you're in my face

Dont care where you think you've been

And how you're getting over.

If you think you got me found just wait it gets much colder

Here I am,

As perfect as I'm ever gonna be

You'll see

Love me for me

Stick around,

I'm not the kind of girl you wanna leave,

You'll see,

Love me for me

Shut up, Come back

No, I didn't really mean to say that.

I'm mixed up, so what

Yeah you want me so you're messed up too

I love you, I hate you

If you only knew what I've been through

My head is spinnin but

My heart is in the right place

Sometimes it has to have itself a little earthquake

Here I am,

As perfect as I'm ever gonna be

You'll see

Love me for me

Stick around,

I'm not the kind of girl you wanna leave,

You'll see,

Love me for me

I've been waiting all my life to finally find you,

Just so I can push you away.

And when you're crawling over broken glass to get to me

Thats when I'll let you stay

uh, Here I am,

As perfect as I'm ever gonna be

You'll see

Love me for me

Stick around,

I'm not the kind of girl you wanna leave

You'll see,

Love me for me

whoa...

Here I am,

As perfect as I'm ever gonna be

You'll see

Love me for me

Stick around,

I'm not the kind of girl you wanna leave,

You'll see,

Love me for me
