My Model

Baby let me take away your fear always know that I'll be
there I said I'd walk to the end of the earth for you
baby there isn't anything I wouldn't do, When the colors
absent and the pictures blank and your better than
anything in the bank Talk to me for a little while
Because American Girl now you got style You make
everything everything now right girl trust me that your
out of sight no one will ever take your place because
that's just one now priceless face.

I said Model for me as I stare at you with you in my life
there isn't anything I can't do Give me strength when I'm
weak your the answers yet to all I seek.

I remember when we were lying in bed and you looked
up to me and said I knew this love was for real and
there's nothing more that I wanna feel.

A million dollar home in a magazine dad wishing that
he wasn't mean kinda big now slap in the face look
daddy now I found my place I remember everything
you thought come look at all the happiness I bought
Everytime You look at me there's nothing more that I
wanna be...
