Never waste a dream on someone that wasn't special  
to you  
You need a life companion to never dream alone  
Don't ever miss out on something you wanted for so  
long  
Because someone said no

I know in my heart  
That you are true  
You taught me to  
Never Dream Alone  
So I wasn't by myself to pick up the peices  
I didn't do it on my owm  
I'll never dream alone

By myself yes I was once crying everyday didn't know  
how to cope  
And for sure you've helped me pull through  
Forget about them  
I've never been more stron  
Thanks to you

I know in my heart  
That you are true  
You taught me to  
Never Dream Alone  
So I wasn't by myself to pick up the peices  
I didn't do it on my owm  
I'll never dream alone

You've become a whole of my heart  
I need, I need, I need you  
You knew me from the start  
I love, I love, I love

You...

I know in my heart  
That you are true  
You taught me to  
Never Dream Alone  
So I wasn't by myself to pick up the peices

I didn't do it on my own  
I'll never dream alone

Never, I need you  
Never, I love you  
I'll dream with you
