Before you turn your back,
Just let me say somethin'
you know it's true
this ain't no more about me!

If you open your eyes
and listen real clear
you can hear them whispering in their ears

Their talking about you
and it's kinda mean
not to be a child
but their steppin' all over your feet.

You can pretend not to hear
you can pretend it's not true
but one day
it's all gonna catch up to you!

They'll be happy
and laughing too,
i guess this won't be the time to say:
"I told you"

REALITY it's right now!
I tried to warn you
but you just blocked
me out!

It's all your fault now
you must take the blame,
for everything you did
now nothings the same

I was a fool
and now i must say
take a look in the mirrow
who are you today!

Everything they said it came true you fell for they act
now look who's the fool!!!

Yeaaaaaaaa yea yea!

REALITY, it's right now!
I tried to warn you
but you just blocked
me out!

It's all your fault now
you must take the blame,
for everything you did
now nothings the same

Can't you see
you were hurting more than me
but not, not anymore!!!

your times up,
take your bags and leave
i thought i could help you
make you believe
that this is....

REALITY!
I tried to warn you
but you just blocked
me out!

It's all your fault now
you must take the blame,
for everything you did
now nothings the same
