

## Ashlee Simpson "Undiscovered"

Visit "[Undiscovered](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Take it back, take it all back now  
The things I gave  
Like the taste of my kiss on your lips  
I miss that now

I can't try any harder than I do  
All the reasons I gave, excuses I made for you  
I'm broken in two

All the things left undiscovered  
Leave me empty and left to wonder  
I need you  
All the things left undiscovered  
Leave me waiting and left to wonder  
I need you  
Yeah I need you  
Don't walk away

Touch me now, how I wanna feel something so real  
Please remind me, my love  
And take me back  
Cause I'm so in love with what we were  
I'm not breathing, I'm suffocating without you  
Until you feel it too

All the things left undiscovered  
Leave me waiting and left to wonder  
I need you  
All the things left undiscovered  
Leave me empty and left to wonder  
I need you  
Yeah I need you

When I'm in the dark and all alone  
Dreamin' that you'll walk right through my door  
It's then I know my heart is whole  
There's a million reasons why I cry  
Hold my covers tight and close my eyes  
Cause I don't wanna be alone

All the things left undiscovered  
Leave me waiting and left to wonder

I need you  
All the things left undiscovered  
Leave me empty and left to wonder  
I need you  
I need you

Cause I can't fake  
And I can't hate  
But it's my heart that's about to break  
You're all I need  
I'm on my knees  
Watch me bleed  
Would you listen please

I give in  
I breathe out  
I want you  
There's no doubt

I freak out  
I'm left out  
Without you  
I'm without

I'm crossed out  
I'm kicked out  
I cry out  
I reach out

Don't walk away  
Don't walk away  
Don't walk away  
Don't walk away
