I walk alone inside these walls and it's not easy being  
me  
Seems like every time I escape there's another  
following  
Me, I'm running, now they're coming, I can feel them  
shooting me  
Without asking lights are flashing but I guess that

It's what I've become  
Let me live as who I am  
Never wanted nothing  
But you don't let me breathe as who I am

I've just begun, I've just begun  
I've just begun to find my way  
I've just begun, I've just begun  
I've just begun to find my way

In the chase, I know I'm wanted, hey, look I'm no victim  
It'd be nice to make some mistakes without  
observations  
Or opinions of distortions, seeing what you're believing  
It's a shame that all these blessings could be a curse?

It's what I've become  
Let me live as who I am  
Never wanted nothing  
But you don't let me breathe as who I am

I've just begun, I've just begun  
I've just begun to find my way  
I've just begun, I've just begun  
I've just begun to find my way

There's not a pill to take to save you from this  
heartache  
But I have no regrets, I'm hoping for a better day  
There's not a pill to take to save you from this  
heartache  
But I have no regrets, I'm hoping for a better day

It's what I've become

Let me live as who I am  
Never wanted nothing  
But you don't let me breathe as who I am

It's what I've become  
Let me live as who I am  
Never wanted nothing  
But you don't let me breathe as who I am

I've just begun, I've just begun  
I've just begun to find my way  
I've just begun, I've just begun  
I've just begun to find my way
