I started when I was 3 years old
At least that's what I've been told
The little girl has got it
Got a chance at shottin' it!
Now I know where I belong
These vibrations can't be wrong
Would it feel strange
Pumping through my veins

Even when I'm down and out
I turn the music up real loud
The beat starts going
The melody's flowing
I feel my heart, it's keeping pace
Like a wild horse in a race
Lifting inside my feet
When I feel the beat

Music makes and breaks my soul (Yeah!)
I feel I'm gonna lose control (Lose control)
It's coming out to me some how
Gonna get ya gonna get ya gonna get ya now (Gonna
get you now)
Music turns me upside down (Upside down)
Keeps me spinning round and round (round and round)
This beat is gonna shake the ground
Gonna get ya gonna get ya gonna get ya now (gonna
get you now)

Doesn't matter what time it seems
Midnight, noon, or in between
Reality is my mind
It makes my music sunshine
Going where I could never be
In the world, or make believe
Riding on the current
On the melody in me yeah

Kinda wanna you to see
How music sets you free (music sets you free)
Fast it and move it

Or smooth it and groove it (smooth it and groove it)
Everybody has a chance
In the world of love and dance
I gotta let it go
Or I will explode! (Gonna get ya now)

Music makes and breaks my soul
(Ohhhhhhhhhhhhhhhhhhh)
I feel I'm gonna lose control (Ohhohohhhh yeah)
It's coming out to me some how
Gonna get ya gonna get ya gonna get ya now
Music turns me upside down (Upside down)
Keeps me spinning round and round (round and round)
This beat is gonna shake the ground
Gonna get ya gonna get ya gonna get ya now (gonna
get you now)

Music makes and breaks my soul (Lose control)
I feel I'm gonna lose control (Ohohohohhhh)
It's coming out to me some how
Gonna get ya gonna get ya gonna get ya now (now)
Music turns me upside down (Upside down)
Keeps me spinning round and round (round and round)
This beat is gonna shake the ground
Gonna get ya gonna get ya gonna get ya now (now)

Now I,
Will enjoy my childhood days
When music is all I will play
And I,
Will open up my eyes so wide
And sing it to the sun shine!

Even when I'm down and out
(Ohhhhhhhhhhhhhhhhhhhhhh)
I turn the music up real loud
The beat starts going
The melody's flowing
Feel like my heart is keeping pace
Like a wild horse in a race
Liftings up in my feet
When I feel the beat
(Gonna get ya,
Gonna get ya,
Gonna get ya now)

Music makes and breaks my soul (Heeeeyyyy yeah
yeah)
I feel I'm gonna lose control (Lose control)
It's coming out to me some how (Ohhohhohohhh)
Gonna get ya gonna get ya gonna get ya now

Music turns me upside down (Upside down)
Keeps me spinning round and round
This beat is gonna shake the ground (gonna get you
now)
Gonna get ya gonna get ya gonna get ya now (yeahh)

Music makes and breaks my soul (Lose control)
I feel I'm gonna lose control (Ohhohohhh yeah)
It's coming out to me some how
Gonna get ya gonna get ya gonna get ya now (now)
Music turns me upside down (Upside down)
Keeps me spinning round and round (round and round)
This beat is gonna shake the ground
Gonna get ya gonna get ya gonna get ya now (now)
