Love,  
Round and round  
Love,  
Round and round

Hey, everybody (everybody)  
We got something to say (uh huh)  
We're the next generation  
We make changes everyday

It's the new revolution  
Getting rid of hatred and pollution  
Stand up let your voice be heard  
We're getting ready to change the world

Love makes the world  
Go round and round and round  
You got this feeling now  
Love makes the world  
Go round and round and round  
You got this feeling now

We can make a difference  
All we have to do is do our part  
Everything in the world is good  
When it comes straight from your heart

You can plan to see  
Giva a helping hand  
To those in need  
When your flowers start to grow  
Your beauty from within will really show (Oh)

Love makes the world  
Go round and round and round  
You got this feeling now  
Love makes the world  
Go round and round and round  
You got this feeling now

Love makes the world (Love makes the world)

Go round and round and round  
You got this feeling now (now)  
Love makes the world (Love makes the world)  
Go round and round and round (Love)  
You got this feeling now (Love, love!)

Love, (Ooh, love)  
Round and round (Oh)  
Love, (Love makes the world)  
Round and round

Mothers, daughters, fathers and sons  
Sisters and brothers we are the ones  
That keep spreading love with every inch  
Of goodness and compassion

We feel good with every act  
Of kindness to the human race  
There's nothing we would rather see  
Than a smile on your face!

Love makes the world (yeeeeeeaaaahhh)  
Go round and round and round (Oh)  
You got this feeling now (Ohh yeah)  
Love makes the world  
Go round and round and round  
You got this feeling now (now)

Love makes the world (Love makes the world)  
Go round and round and round  
You got this feeling now (Ooh)  
Love makes the world (Love makes the world)  
Go round and round and round (Go round and round)
