It's getting late now, I'm on the train now
On my way to your place, can't wait to see you face
Last night was crazy, got hot and hazy
Now I'm back for another round, hope your ready to get
aroused

Another night sweating like a whore in church
You got the tools so go ahead and work
I like it big but not big as a first
Now you got me open so don't burst to quick

Can you please this girl a little
Can you tease this girl a little
Take her back on your lap take it down move around
And keep it up all night
Can you please this girl a little
Can you tease this girl a little
Take it back on your lap throw it down move around
And keep her satisfied

This time I'm ready no need to await
My body is calling yours to me
I'm here full naked I want to escape
Surrender to me
Your body and soul

No time to lay down
We gotta get down
I wanna get down
It's confirmed I've lost control
I wanna know how it feels inside your mouth
You got me saying wow I'm in a zone now

I got to keep it on hold
Bitch it up and ready to go
Sexy guy don't go to slow
I want your body and your soul

Can you please this girl a little
Can you tease this girl a little
Take her back on your lap take it down move around
And keep it up all night

Can you please this girl a little
Can you tease this girl a little
Take it back on your lap throw it down move around
And keep her satisfied

This time I'm ready no need to await
My body is calling yours to me
I'm here full naked I want to escape
Surrender to me
Your body and soul
