I want someone
To take control of my body
Chain me up and lock me
Tell me how much u want me
Then rough me up

Do what u want me
Do do do waht u want me
I'm giving sole custody
Of every sexy part of me boy

Tell me when u ready to go
Cuz I'm ready
U touch me there and I'm about to explode
The flows heavy
I'll be your mistress, boy so come get this
I want u,
I'll be your yo yo, throw me down and I'll lick u up
I only wanna please u

And I know that your the kinda boy
That makes a girl mind blow
And I can hardly take it
But go head take controll
Can't u hear me beggin
So loud can break a eardrum
And like a nympto
I want more

I want someone
To take control of my body
Chain me up and lock me
Tell me how much u want me
Then rough me up

Do what u want me
Do do do waht u want me
I'm giving sole custody
Of every sexy part of me boy

I'll take u to a place no one goes
Enter with passion

Be the bunny baby get in the hole
Give me the carrot
I'll be your mistress so come get this
I want you
Use you tongue like a match lick front to back
I'm burning up yeah

And I know that your the kinda boy
That makes a girl mind blow
And I can hardly take it
But go head take controll
Can't u hear me beggin
So loud can break a eardrum
And like a nympto
I want more

I want someone
To take control of my body
Chain me up and lock me
Tell me how much u want me
Then rough me up

Do what u want me
Do do do waht u want me
I'm giving sole custody
Of every sexy part of me boy
