[Chorus]

You'll never find somebody
To love you baby
At least not quite like I do
Like I do
And oh, you'll never see anyone
Anyone quite like me
In your dreams
Because no one can infect you
Like I do

Hey, just so you know
I really want to show
You everything I am
And everything I can be
And I hope you'll understand
So we won't get lost at sea
Traveling through the connection
Getting lost in disillusion
Trying to find a way
Back to that happy place

[Chorus]

Hey, I went through hell for you
Because no one cares quite like I do
One way or another I'll make you see
Everything it took to make us be
I apologize for making you feel
That what we have isn't this real
And I'm sorry that you're so stupid
To realize I have opened
Denial and heartbreak
All the trials and the aches

[Chorus x2]

You'll never see the day
I hate you baby
So stop hoping
No one cares like me
And oh, you'll never see anything

Anything quite like me
In your dreams
Because no one can affect you
Like I do

'Cause I do
