Uh oh!  
Someone hide me  
Explode!  
I just might be  
The one you  
See in the morning  
Don't overlook  
The fighter in me (oh oh)

[Chorus]  
I'm trouble  
Straightjacket me  
Cause a scene  
Quarantine me  
You've never seen a mess  
Until I get my hands on it

Blank notecards  
On the window  
When you see me  
Hide, 'cause "oh no"  
Here I'm coming  
Down the street  
The sign says "Danger crossing"

[Chorus]

I need to be sheltered  
From everyone else  
I'm going to be  
All in your living hell  
Uh oh!

[Chorus x3]
