My boyfriend just broke up with me
But he didn't ever treat me right
Feel like I've flown over the seven seas
But I've never even been in flight

Running all around in a million circles
My lazy mind's been all over this world
But here I am, years down the line
And I'm still breathing, I'm still alive

[Chorus:]

Sometimes I just wanna runaway from here
Go a little crazy and lose my fears
And be a getaway, for a day
Sometimes I scream just to let it all out
Living it up is what life's about
So let's runaway, far away

So boy put the speaker so it's unpaused
I wanna be a rebel without a cause
Kiss a stranger, date a superstar
Run a million miles; that's pretty far

Tell my landlord he can't control me
Who I am is who I will be
Break the fame that I've been given
Find my heart in the space I'm livin' in

[Chorus:]

Sometimes I just wanna runaway from here
Go a little crazy and lose my fears
And be a getaway, for a day
Sometimes I scream just to let it all out
Living it up is what life's about
So let's runaway, far away

I don't wanna always be the same
I'll elope and change my name
Secret circles from heaven's nowhere
The destination is somewhere I don't care

[Chorus:]

Sometimes I just wanna runaway from here
Go a little crazy and lose my fears
And be a getaway, for a day
Sometimes I scream just to let it all out
Living it up is what life's about
So let's runaway, far away

[Chorus:]

Sometimes I just wanna runaway from here
Go a little crazy and lose my fears
And be a getaway, for a day
Sometimes I scream just to let it all out
Living it up is what life's about
So let's runaway, far away
