Into the ninth circle of inferno  
Where dragontales glint in snow  
The crystal dragon rests ice-bound  
Dressed in cold fire she withers

Glass-like eyes reach out for the sun  
Benighted her fate will be

Bifacial widow of light  
Prophesise the dreams demise

Amongst the ruins of a wayward taint  
A wanton betrayal resides in flames

Timekeeper of eternity  
A goddess enthroned in light  
A testament older by far  
Final destiny call

Stemmed in a gale of rigors  
A queen of blades has been crowned
