This happen oh so fast.
I can't believe it's happening now.
He was so great, now it's gone.
What did I do to deserve this!

You are my... worst enemy.
You make my life feel like hell.
I'm tired of... I'm tired of...
Feeling deserted all the time!
Your my... Your my...
Worst Enemy!

So I say that it's fine. And
I walk away, just like it's fine.
(Just like it's fine) So I think
Your cute, fit, and everything else.
But now it's down hill. Once again!

You are my... worst enemy.
You make my life feel like hell.
I'm tired of... I'm tired of...
Feeling deserted all the time!
Your my... Your my...
Worst Enemy!
