If you got the time I'll make it
If you got the vibe we'll make it
I'll do that, I'll do that

If you want to dance lets move it
If you want to play lets play it
I'll do that, I'll do that

And I get on up and I get on down
And I play the fool when I act the clown
You know that I'd do anything for you.

If you want the world
You got it
If you want the girl
You got it
I'll do that baby, I'll do that
So much for you

If you want it all
You got it
Can you hear me call?
You got it
I'll do that baby, I'll do that
So much for you
So much for you
So much for you
So much for you

If you got the game
Let's win it
If you got the mood
Let's bring it
I'll do that, I'll do that
If you got the song
Just sing it
If you sing it wrong
Just sing it
I'll do that, I'll do that

You get on up and you get on down
You make me smile when I want to frown

You know that I'd do anything for you.

Shake it

If you want the world
You got it
If you want the girl
You got it
I'll do that baby, I'll do that

So much for you

If you want it all
You got it
Can you hear me call
You got it
I'll do that baby, I'll do that

So much for you
So much for you
So much for you

Cause if you want it
You've gotta have it
Gotta feel it and believe it
To achieve it
And if you know it
You've gotta shout it scream it
get it once you show it

get your way'

If you want the world
You got it
If you want the girl
You got it
I'll do that baby, I'll do that

So much for you

If you want it all
You got it
Can you hear me call?
You got it
I'll do that baby, I'll do that

So much for you [until fades]
