I'm not alone
Even when we're apart
I feel you in the air, yeah
I'm not afraid
I know what you're thinking
I can hear you everywhere

Some people say it'll never happen
That we're just wasting time
But good things come when you least expect them
So I don't really mind

Chorus:
We'll be together
Come whatever
I'm not just staring at the stars
Just remember
That no one else can tell us who we are
We'll be together
So don't ever stop listening to your heart
'Cause I can't turn mine off

I can't pretend
This is a rehearsal for the real thing
Because it's not, and
I know we're young
But I can't help feeling what I'm feeling
And I won't stop

Some things are meant to be and they'll be there
When the time is right
Even though I know that...I swear
I wish it was tonight

Chorus
We'll be together
Come whatever
I'm not just staring at the stars
Just remember
That no one else can tell us who we are
We'll be together
So don't ever stop listening to your heart

'Cause I can't turn mine off

Whoah-oh

Bridge

Ooh yeah

I like what's happening to me

Ooh yeah

Nothing else to say (no)

Ooh yeah

Somebody finally got to me

And carried me away

We'll be together

Come whatever

Not just starin' at the stars

Just remember

That no one else can tell us who we are

Chorus

We'll be together

Come whatever

I'm not just staring at the stars

Just remember

That no one else can tell us who we are

We'll be together

So don't ever stop listening to your heart

'Cause I can't turn mine off

Woaaaaah

Ohhh,Yeah

I'm not alone

Even when we're apart

I feel you
