I feel so tired of seeing other people's happy lives
Too many times I sit alone and watching the black and
whites
Please tell me all I have to do is learn to do this for one
more night

Don't let it bring you down
Don't let it beat you up
If you haven't found your one and only
When the clocks race by
And the tears run dry
When everything is dark and lonely
Hear your heartbeat beat
Hear your heartbeat
Hear your heartbeat beat
Hear your heartbeat

If you are out there can you come and find me quickly
then
I wanna take you some place that you may have never
been
Please tell me all I have to do is learn to do this for one
more night
Don't let it bring you down
Don't let it beat you up
If you haven't found your one and only
When the clocks race by
And the tears run dry
When everything is dark and lonely
Hear your heartbeat beat
Hear your heartbeat
Hear your heartbeat beat
Hear your heartbeat

Don't let it bring you down
Don't let it beat you up
If you haven't found your one and only
When the clocks race by
And the tears run dry
When everything is dark and lonely
Hear your heartbeat beat
Hear your heartbeat

Hear your heartbeat beat
Hear your heartbeat
