Let me know, just tell me and I'll hop on a train
So I could be the sun to your rainbow
Cause I'll come through and dry out the rain
Coast to coast, I feel you like you're right next to me
We're stars apart but still in the same boat
Sailing in the same galaxy

I'll be your super girl, protect you from the world
Whenever you're in ymtrouble, on the double hold you
down
I'll be your parachute, whatever mountains move
I'll catch you, never let you hit the ground

CHORUS:

I'm gonna run to you
When you can't get through, I'll be there to rescue you
I'm gonna run to you
When you need me to I'll be there, be there
I'm gonna run
I'll be there, be there
I'm gonna run
I'll be there, be there
I'm gonna run
I'll be there, be there

Don't be afraid
I won't let nothing stand in our way
I'll take on anything that you're heart can't take
There'll never be a day that it breaks, that it breaks

I'll be your super girl, protect you from the world
Whenever you're in trouble, on the double hold you
down
I'll be your parachute, whatever mountains move
I'll catch you, never let you hit the ground

(CHORUS)

I'll run, I'll run, I'll run, I'll run to you
I'll run, I'll run, not a day that I'm not there for you
I'll run, I'll run, I'll run, I'll run to you
I'll run, I'll run, not a day that I won't run

(CHORUS)
