It's hard to believe
That only this photograph
Is where you and me can be
There's so many nights
I can't even close my eyes
Cause you are the light I need
I'm on my way
I'm on a one-way aero-plane
I gotta get back now
I gotta get back now

I'm looking for a runway
The runway to you
So baby light my way
I'm looking for a runway
The runway back to you
So baby light my way
I'm coming home to you
I'm looking for the run run run
I'm looking for the run run way back to you
I'm looking for the run run run
I'm looking for the run run way back to you

I'm starting to see
A familiar place again
And I'm getting close to you
I know I'm late
It's killing me
Just one more day
I gotta get back now
I gotta get back now

I'm looking for a runway
The runway to you
So baby light my way
I'm looking for a runway
The runway back to you
So baby light my way
I'm coming home to you

My heart is beating out of my chest now
Is it really you

I'm never gonna leave you again now

I'm looking for a runway
The runway to you
So baby light my way
I'm looking for a runway
The runway back to you
So baby light my way
I'm coming home to you
I'm looking for the run run run
I'm looking for the run run way back to you
I'm looking for the run run run
I'm looking for the run run way back to you

I'm looking for the runway (I'm on my way, gotta get
back now)
I'm looking for the runway (I'm on my way, gotta get
back now)
