I don't know what it is
That makes me feel the way I do
Can't get you out of head
No matter how hard I try

When the lights go out
Darkness begins to fall
I start to wonder what I'll dream about
Then the thought of you
Flashes before my eyes
Ooh must be a nightmare

The voices, the pictures
It's you but I can't recognise

Cus you're a faded flashback
Faded flashback (ooh)
Cus you're a faded flashback
Faded flashback (ooh)

It's like I remember
Everything about you
That sweet december, sweetest night, sweet dance
I try to think
I try to rebuild a clear image of you
Cus you're a nightmare

The places, the faces
With you but I can't recognise

Cus you're a faded flashback
Faded flashback (ooh)
Cus you're a faded flashback
Faded flashback (ooh)

(Beatings)
The voices, the faces
It's you but I can't recognise

Cus you're a faded flashback
Faded flashback (ooh)
Cus you're a faded flashback

Faded flashback (ooh)

Cus you're a faded flashback

Faded flashback (ooh)

Cus you're a faded flashback

Faded flashback (ooh)
