This is the life I have to live
With the sorrows and pain in my heart
Why can't this feeling just fade away
When it's giving me somany reasons to cry
You're gone and it's just me I'm on my own
Everything I feel inside
All in time I know will heal

This tears that bring pain to me heart
Are for the things thatI couldn't tell you
It hurts to know you're gone forever
But I only say goodnight to you
Cus I know we'll meet again soon

There was so much we had to say
But there was so little time
If only I could turn back the time
I would tell you everything I wanted you to know
Now you're gone and it's just me I'm on my own
Everything I feel inside
All in time I know will heal

This tears that bring pain to me heart
Are for the things thatI couldn't tell you
It hurts to know you're gone forever
But I only say goodnight to you
Cus I know we'll meet again soon

I've just got somany reasons to cry
Cus you were such a special person
There's no one in this life
Who can ever take your place
There's no way I can ever forget you
Cus you know

This tears that bring pain to me heart
Are for the things thatI couldn't tell you
It hurts to know you're gone forever
But I only say goodnight to you
Cus I know we'll meet again soon

I only say goodnight to you

Cus I know we'll meet again soon.
