Nobody must know what I've been through  
Can't tell anyone how many times I've wished to die  
It's gonna be my own little secret  
While I'm alive

I won't let anyone try  
Won't let anyone try to judge me  
Cus I just realised

That I am  
Not gonna remain who I used to be  
And I am  
Gonna keep trying till I make things right  
I don't have to wait out and die of misery  
Cus of who I am

Let nobody question me about my past  
Can't let anyone understand why I act like this  
There's nothing so good about it  
To be remembered

I won't let anyone try  
Won't let anyone try to change me  
Cus I just realised

That I am  
Not gonna remain who I used to be  
And I am  
Gonna keep trying till I make things right  
I don't have to wait out and die of misery  
Cus of who I am

Falling back not knowing when I fell so far  
It's hard to get my life back to the reclimb  
But I know the light ahead  
Is gonna show up somehow

I won't let anyone try  
Won't let anyone try to judge me  
Cus I just realised

That I am

Not gonna remain who I used to be  
And I am  
Gonna keep trying till I make things right  
I don't have to wait out and die of misery  
Cus of who I am

I am  
Not gonna remain who I used to be  
And I am  
Gonna keep trying till I make things right  
I don't have to wait out and die of misery  
Cus of who I am

My life has been a nightmare  
I can't go on like this.
