How do I live another day  
Without you by my side?  
Why do I keep crying  
When I'm running out of reasons to cry?

With the love in my heart killing me softly  
Cus everything I'd ever need is gone with the wind

I'm lost, lost in tears  
Lost with a broken heart out in my hands  
Cus what I'm searching for is what I can't find  
In a world so cold without you here beside me  
Wish I was lost in your arms Tonight.

Now the dawn is coming  
Still I can't sleep  
Cus I'm thinking of you  
I can still hear your voice  
I can still feel your touch  
It's you I see in my dreams

Songs of love in my head driving me crazy  
Now trying to make dreams come true is the last thing  
I'd do

I'm lost, lost in tears  
Lost with a broken heart out in my hands  
Cus what I'm searching for is what I can't find  
In a world so cold without you here beside me  
Wish I was lost in your arms Tonight.

But still I can't believe it's over  
Cus I just can't say goodbye  
You're gone with everything I could ever need  
The good and the bad times we been through that love  
Now I feel as I'm wasting cus  
Without you it's hard to survive

With this love in my heart killing me softly  
Cus everything I'd ever need is gone with the wind

I'm lost, lost in tears

Lost with a broken heart out in my hands  
Cus what I'm searching for is what I can't find  
In a world so cold without you here beside me  
Wish I was lost in your arms  
Wish I was lost in your arms Tonight.
