Those times I needed someone by my side  
Couldn't think of any other person but you  
And every time I needed a friend  
You were always there to brighten my day  
When I felt deep inside my heart was breaking  
When my world came crumbling down  
When the life I built was left with nothing  
You were there to hold my hand through the storm

You've been there for me through it all  
And You'll always stand right by my side  
You give me reason to start all over again  
And I'll never let you down  
Cus you're more than a friend

I won't find my way unless you hold my hand  
And show me the right path so I won't give up  
You're my inspiration in all that I do  
Sometimes I wonder what I'll do without you  
When it rained down on me and my heart stopped  
beating  
When I lost my happy home  
When the world around me stopped revolving  
You were there to take me back to the light

You've been there for me through it all  
And You'll always stand right by my side  
You give me reason to start all over again  
And I'll never let you down  
Cus you're more than a friend

You're one in a million  
You're the source of my joy  
In everything I've been through  
You always stood by my side  
If I had no mamma my best friend would be you

You've been there for me through it all  
And You'll always stand right by my side  
You give me reason to start all over again  
And I'll never let you down  
Cus you're more than a friend

You've been there for me through it all  
And You'll always stand right by my side  
You give me reason to start all over again  
And I'll never let you down  
Cus you're more than a friend

You're more than a friend  
More than a friend.
