If you had a choice  
To erase your every mistake  
Would you erase me?  
If you had a choice  
Will I still be part of you

If you had regrets  
Would it be because we met  
Or because you left me?  
If you had regrets  
Would we still be worlds apart

Somany questions that I can't find the answers to  
And I wish I never asked myself  
Cus love is not my song

Love is a sword  
Cus it hurts  
Piercing through my heart  
With every heartbeat  
And every breath I take  
(Alota wema matu na kaso na)  
Get out of my head

If it wasn't true  
When I swore to die with you  
Why did you believe me?  
How would you feel  
If I broke your heart this way?

Somuch sadness that fills my heart with every thought  
That you never gave the best you could  
To make this love my song

Love is a sword  
Cus it hurts  
Piercing through my heart  
With every heartbeat  
And every breath I take  
(Alota wema matu na kaso na)  
Get out of my head

If you've made up your mind  
To walk out of my life  
Then go on, I say it's fine  
See, there's no way I'm breaking down  
I'm moving on with my life  
Cus I'll be back on my feet again

Oh, Oh, oh  
Go on leave me helpless  
Oh, Oh,  
When you're gone I'm taking time out on love

Love is a sword  
Cus it hurts  
Piercing through my heart  
With every heartbeat  
And every breath I take  
(Alota wema matu na kaso na)  
Get out of my head

Love is a sword  
Cus it hurts  
Piercing through my heart  
With every heartbeat  
And every breath I take  
(Alota wema matu na kaso na)  
Get out of my head
