I have lived as long as I have
Only with hope that someday I'll find someone
It wasn't long that day did come
With open arms I welcomed him to my world

All I needed was just love
Love to keep me strong
But the stranger wasn't mine
He's only brought me pain

Why did I fall in love
How did I ever get into this heartache
When did I become so sad
What happened to my joy
The answer is love

He has broken the promise he made
By loving that girl and cheating on my love
Why can't he just learn to love me
As much as I love him or even pretend to try

Everytime I look at him
I see love in his eyes
But that love is not for me
He doesn't care about me

Why did I fall in love
How did I ever get into this heartache
When did I become so sad
What happened to my joy
The answer is love

My heart's heavy with distress
My world has gone dark
I still love him even though
I know he loves that girl

I fell in love with him
Love got me into all this heartache
Love made me become so sad
Love took away my joy
Why did I fall in love

Why did I fall in love
How did I ever get into this heartache
When did I become so sad
What happened to my joy
The answer is love

The answer is love.
