Hurt Sometimes:

Always on the other side
I hope you're feeling satisfied
To think you threw it all away
It must have been a big mistake.
Everything I've ever said and done
Everything I.

Chorus:

If I could turn back tonight
I won't waste time. Alright
But if you should find out, what's right
You know it's gonna hurt sometimes
You know it's gonna hurt you sometimes.

I was on the other side
I know there's nothing to deny
The facts remain so simplified
I'll meet you by the waterside
Oh you've got such a pretty face
I'd like to thank the world
But it's far too much too take. To take

Chorus

And hey there's nothing left but time
Always on the other side.

Chorus

Repeat
