It cuts deep inside of me  
'Cause I thought we were meant to be  
From the moment we met  
The smile, the joy, the love all gone  
In a second it went from right to wrong  
It was meant to break  
And it can not be replaced

Tell me why you left me,  
I didn't even have the chance  
To tell you what I felt for you  
Before you let me go  
I just need to know  
What you're gonna say  
It hurts so bad, so

Do I dare to walk again  
After all that we've been through  
Do I dare to dream about the smile  
That made it all be so real

Painted in blood, cuts in my chest  
Heart broken misery, wound up, stressed  
Never to be changed  
Answer my prays before I burn  
Day after day I hope for return  
Left in the cold

Do I dare to walk again  
After all that we've been through  
Do I dare to dream about the smile  
That made it all be so real

Tell me why you left me,  
I didn't even have a chance  
To tell you what I felt for you  
Before you let me go  
I just need to know  
When are you gonna see  
It hurts so bad, so

Do I dare to walk again  
After all that we've been through  
Do I dare to dream about the smile  
That made it all be so real

Love me, feel me, help me take my pain away  
Tell me, show me, do you have something to say
