One night, out of nowhere
Came a shimmering light
Flowers were fading, leaving us cold
(And)
Alone in the night

Dark clouds, the storm kept on turning
Where's the final sign
Invisible masks, burning bridges were falling
Will we all leave behind

Whispers from the forgotten tale
And the wind cries out your name

How long will it take to remember
Are we too blind to see
Hold on to the dream or surrender
We ain't gonna win
In this gamble of sin

Holding on, the walls kept on breaking
Resolving to dust
The curse of the chains causing evil and pain
How long will it last

Whispers from the forgotten tale
And the wind cries out your name

How long will it take to remember
Are we too blind to see
Hold on to the dream or surrender
We ain't gonna win
In this gamble of sin

Whispers from the forgotten tale
And the wind cries out your name

How long will it take to remember
Are we too blind to see
Hold on to the dream or surrender
We ain't gonna win
In this gamble of sin
