[1. Verse:]

You were born on judgment day
But you don't care and go your own way
Your living your life and you made your own laws
Fellowship forever, your freeing your souls

[Bridge:]

Riding with the brothers
Through the wind and the rain
You're proud of your color
and can feel no pain

[Chorus:]

Forever angel
Keep on riding
And fight for your rights
Forever angel
Roaring thunder
Through endless nights

[2. Verse:]

Sometimes it seems that you're dancing with the devil
And you recognize that the price for freedom is high
The brotherhood in your life is your highest call
You're the chosen ones, all for one and for all

[Bridge:]

Riding with the brothers
Through the wind and the rain
You're proud of your color
and can feel no pain

[Chorus:]

Forever angel
Keep on riding
And fight for your rights
Forever angel
Roaring thunder
Through endless nights

Riding with the brothers
Through the wind and the rain
You're proud of your color

and can feel no pain
i can feel no pain

Forever angel
Keep on riding
And fight for your rights
Forever angel
Roaring thunder
Through endless nights

Forever angel
Keep on riding
And fight for your rights
Forever angel
Roaring thunder
Through endless nights

Forever angels
