It was early in the morning, the sun rises in the sky  
The place you'd filled is empty, I don't understand why  
The memories are coming, all slowly on my mind  
We searched for hope and glory, for the things we  
couldn't find

Remember the feelings we had all in the past  
They're gone forever, didn't know that it won't last

Living in the wildside  
On the ashes of love  
Living in the wildside  
On the ashes of love  
Living in the wildside  
On the ashes of love  
Living in the wildside  
We didn't know it wouldn't last

Now that you're gone away, the fireplace's so cold  
And I don't remember, the stories that have been told  
And there's no turning back, from the locked doors of  
our hearts  
We're stone cold crazy, our love is been apart

Remember the feelings we had all in the past  
They're gone forever, didn't know it wouldn't last

Living in the wildside  
On the ashes of love  
Living in the wildside  
On the ashes of love  
Living in the wildside  
On the ashes of love  
Living in the wildside  
We didn't know it wouldn't last  
Yeah

Living in the wildside  
On the ashes of love  
Living in the wildside  
On the ashes of love  
Living in the wildside yeah

On the ashes of love  
Living in the wildside  
On the ashes of love  
Living in the wildside  
On the ashes of love  
Living in the wildside  
On the ashes of love  
Living in the wildside  
On the ashes of love  
Living in the wildside  
We didn't know it wouldn't last

Living on the wildside

Living on the wildside  
Oh yeah  
Living on the
