### VERSE:

The world's falling down  
on our way to the promised land  
have we ever been  
to this twilight zone before  
we touched the rainbow  
we cross the castle of the Kings and Queens  
believing what we see  
in the night where even eagles aren't free

### PRE-CHORUS:

Mysterious journey  
on our way through the gates  
black moon on the horizon  
sailing on through the oceans of time  
will we ever arrive?

### CHORUS:

Mystica  
we travel trough shadows  
try to hide in the night  
Mystica  
surrouned by darkness  
we fell into (the) light

### VERSE 2:

As the edge of the world's passing by  
we saw an angel  
crossing the line on the way down to earth  
we cross the hellfire  
magical truth from down below  
paralyzed knights  
on the run still not sure which way to go
