I see you turning, turning away  
And we're ready to leave, to the bridges of sin yeah

Seven wonders, we are ready to fly  
Like an eagle, we're touching the sky

We sailed across the ocean  
On the wind of the sea  
We're sailing on the oceans of time  
We're moving through the twilight  
Passed the black moon on our way  
We're sailing on the oceans of time

As the sun fades to dark light we knew  
There was no way to return  
All the stars were passing by, we're riding through the  
sky  
On our endless journey through space

Seven wonders, we are ready to fly  
Like an eagle, we are touching the sky

We sailed across the ocean  
On the wind of the sea  
We're sailing on the oceans of time  
We're moving through the twilight  
Passed the black moon on our way  
We're sailing on the oceans of time

The dust turned to stone, and the black moon touched  
the dawn  
As we tried to get out, of this world of burning fear  
oooooh  
Seven wonders, and we're ready to fly  
Like an eagle, we're touching the sky

We sailed across the ocean  
On the wind of the sea  
We're sailing on the oceans of time  
We're moving through the twilight  
Passed the black moon on our way  
We're sailing on the oceans of time

We're sailing on  
The oceans of time  
And never look back oh  
We're sailing on  
On time

I see you turn  
And sailing away  
(We'll never go back there)  
We're sailing on  
The oceans of time

We're sailing on  
The oceans of time  
Oceans of time  
Don't turn away  
Don't turn a-don't turn away

Don't turn away  
The oceans of time

We sailed across the ocean  
On the wind of the sea  
We're sailing on the oceans of time  
Oceans of time  
The oceans of time  
Don't turn away
