Round and round
Like a merry go around
Until we spin into the ground
Down down down
(Spin spin spin like feathers in the wind)

You and the troubles you've caused me
The seem to keep going on and on

Round and round like a merry go round...

You follow me with your eyes
Like mona lisa's smile
You're always in disguise
Do you have something to hide?
When the time is right
Look me in the eye
A puff of smoke so white
And you are gone

I can feel it deep inside me
Pounding like a war drum
Making my heart pound faster
I can feel it deep inside me
Raging like a hurricane
Making my lungs breath harder

You and the troubles you've caused me
They seem to keep on and on

Round and round like a merry go round
Until we spin into the ground
Down down down

You follow me with your eyes
Like mona lisa's smile
You're always in disguise
Do you have something to hide?
When the time is right
Look me in the eye
A puff of smoke so white
And you are gone
